School Nurse Online Monthly Leadership Series
A Project-Based Approach

February – December 2021

Open to aspiring and experienced school nurses and school nurse administrators.
The overall objective is to strengthen leadership confidence, values and competencies
in order to improve student health and achievement.

Outcomes include identifying competencies for improvement and leadership style, creating a plan for professional growth, and demonstrating best practices for leadership.

Drs. Jenny Gormley & Kathy Hassey, experienced School Nurse Leaders/Educators with a combined 40 years of school health experience, are providing this professional learning opportunity for a small cohort of school nurses using ANA/NASN Standards of Practice and best practices for professional development and continuing nursing education. Guest speakers will join some of the virtual workshops with support from School Health Corporation, which has provided an unrestricted grant to the Northeastern University School Health Academy (NEUSHA).

Total 40 contact hours
\$699 per person for unique 1-year professional learning experience

All monthly virtual workshop sessions will be 7-8:30 pm Eastern Standard Time, using our Zoom platform. Date and time may change based on cohort member availability.
Contact Hours include individual work on your own schedule and live virtual workshops.

Topic Title
